ASSIGNMENT

WHEREAS, Roy B. Mann, a citizen of the United States and a resident of Austin, Texas (the "Assignor"), has invented a certain new and useful invention entitled "**Rapid Outgoing Message Read-Out System**" (the "Invention") for which an application for a United States Patent was filed on December 2, 2003 (the "Application") and;

WHEREAS, ROMROS, Inc., a Texas corporation, having its principal place of business at 6311 Lakewood Hollow, Austin, Texas 78750-8225 (hereinafter called the "Assignee"), is desirous of acquiring and Assignor is desirous of assigning to ROMROS, Inc. all right, title and interest in and to said Invention, patents and patent applications on said Invention;

NOW, THEREFORE, Assignor, for good and valuable consideration, the receipt and sufficiency of which he does hereby acknowledge, does hereby SELL, ASSIGN and CONVEY unto Assignee all right, title and interest throughout the world in and to said Invention, this assignment including, but not being limited to:

1. Said Invention, said Application, and any other patent applications, patents, or like grants or protection on said Invention made by Assignor or his legal representatives, whether in the United States of America or any other country or place anywhere in the world;

2. All substitutions for and divisions, continuations, continuations-in-part, renewals, reissues, extension, and the like of said Application, and of any other patent applications, patents, or like grants or protection on said Invention, including without limitation, those obtained or permissible under past, present and future laws or statutes;

3. All rights of action on account of past, present and future misappropriation or unauthorized use of said Invention in any form, including but not limited to any infringement of any patent that may issue from the Application or from any other patent applications directed to said

invention, any other patents or like grants or protection on said Invention, and any trade secret misappropriation of said Invention;

4. The right to Assignee to file in its name applications for patents and like grants or protection for said Invention in any country or countries foreign to the United States; and

5. All international rights or priority associated with said Invention, Said Application, and any other applications for patents, patents and like grants or protection on said Invention.

Assignor covenants that Assignor, his heirs, legal representatives, assigns, administrators, and executors will execute all papers and perform such other acts, with expenses if any to be paid by Assignee, as may be reasonably necessary to give Assignee, its successors and assigns, the full benefit of this Assignment. This Assignment shall be binding upon and shall inure to the benefit of the successors, assigns and legal representatives of the parties hereto.
